

Project:	Support of Medical Care
Pillar:	Victim assistance
Appealing Agency:	Tajikistan Mine Action Centre (TMAC)
Project Budget:	\$300
Funds requested:	\$300
Implementing Partners:	Ministry of Health
Objective(s):	Improve health status of mine survivor Sitoramo ABDUSOBIROVA
Targeted Beneficiaries:	Mine victim
Project Duration:	1 year

### *Objectives*

- Help an innocent victim of landmines to achieve self-sustainability.
- Improve the health status of mine survivor Sitoramo ABDUSOBIROVA by the end of 2007.

### *Activities*

- Create an emergency fund to assist Sitoramo ABDUSOBIROVA and his family to meet the costs of helping themselves to self-sufficiency by the 1<sup>st</sup> quarter of 2007.
- TMAC will refer the mine survivor to specialized healthcare services as appropriate by April 2007.

### *Expected Outcomes*

- Obtain financial resources for travel to healthcare facilities and buy needed medicines.
- Physical impairments from his injuries are minimized.

<b>Budget Items, in US\$</b>	<b>2006</b>
